TO THE TIMES ONLY.

British Government will Force Sir John to Abolish Chinese Restriction.

Report that the Jesuits Bill has Been Disallowed by the Dominion Government.

Special to The Times.]

Ottawa, Jan. 15—It is stated that in his letter to the Secretary of the Dominion Evangelical Alliance acknowledging the receipt of a memorial from that body praying for disallowance of the bill passed by the Quebec legislature last session dealing with the Jesuit estates, the Acting Secretary of State says that an Order in Council disallowing the bill has already been passed and will be published shortly in the *Canada Gazette*. At a meeting of the Ministerial Association here a committee was appointed to meet on Monday and frame a petition asking the Dominion Government to disallow the bill.

It is indicated that the British Government will force Sir John Macdonald to recede from his policy of restricting Chinese immigration as being inconsistant with treaty obligations. The Government of China has directed the attention of the British Government to the hostile attitude of Australia and Canada toward the Chinese and is discussing the propriety of withdrawing commercial privileges unless the treaty rights are observed. Should the Dominion Government withdraw the Restriction Act the number of Chinese arrivals at Victoria or Vancouver, B. C., would be greatly multiplied as that would no doubt be made the channel of large influx of Chinese into the United States.

An Order in Council passed appointing G. A. Young, Inspector, L. E. Clockwood, Toronto; J. D. Lambloise, Montreal; A. McBeath, St. John, New Brunswick, and A. R. Milne Victoria, to be Dominion Customs appraisers with jurisdiction over all places in Canada.

WINNIPEG NEWS.

Special to The Times.]

Winnipeg, Jan. 15.—Premier Greenway went East to Toronto last night on immigration matters.

FROM MONTREAL.

H. J. Clovan a Candidate—Pullman Car Manager Shot.

Montreal, Jan. 14—H. J. Clovan will probably be a candidate for the Local House in Montreal Center.

Joseph J. Chandler, a porter of the Canadian Pacific Railway, shot J. A. Sheffield, manager of the Pullman dining and sleeping cars service this evening. Sheffield will not live.

FROM DONALD.

Mining News—The Proposed Smelter—A New Silver Mine.

From the Donald Truth.]

Ore shipments continue from the Monarch mine at Field, a total of 700 tons having been sent to the company's smelter at Vancouver. The 700 tons represent a money value of $35,000. Coal from the mines at Anthracite is also beginning to go westward, a few car-loads arriving daily at Donald, whence it is forwarded to Port Moody for transhipment to San Francisco.

Pete McIntyre has deposed of his interests in two claims on Jubilee Mountain for $1,000 in cash, Charles F. Law and his associates being the purchasers. The new owners will commence development work at once, and hope to strike the body of ore that is surely in that mountain.

The woods around Donald are full of men getting out ties for the C. P. R. and Galt roads. Rosemond & Kirkpatrick have a camp on the island, 3 miles east of town; Mike Carlin 2 camps at Moberly, and Jeffrey Brothers 1 at Leanchoil. Many of the men are prospectors and miners, and are working for a grub stake for the coming summer's mining campaign.

A new find of lead silver is reported within 8 miles of the C. P. track and 10 miles of Golden.

What has become of the proposed smelter? is a question which is daily asked. Probably the appropriation has been pigeon holed, and will be spent in constructing buggy roads on Vancouver Island.

The latest news from Perry Creek is that the new tunnel has been run in 35 feet further than the old tunnel, some 550 feet in all. In clearing off the bed-rock, the dirt and boulders had to be hoisted up to and run out through the upper or old tunnel, which made the work proceed rather slowly. When bed-rock was reached, it was found to be as smooth as glass and sloping. The first washup netted $231, and the second $154 50.

A nickname is generally indicative of a striking characteristic or strong individuality. Many of the railroad boys have appropriate ones. Conductor Easley is called "Dad," Engineer Carey "Ole Bull," and Conductor Wessel, "Beauty." Conductor Dolphin also has a nickname; he is called "Father." Jim may be a father all right enough, but no child bearing the name of Dolphin attends our public school.

At a recent social hop at Kamloops, Jack Rice forgot to take off his overshoes before he began dancing, and he danced so fast and furious that the rubber in the shoes became overheated, and, melting, glued his feet fast to the floor.

LIFE IN VICTORIA.

An English Lady's Opinion—A Haven of Rest.

In the entertaining book, "A Sportsman's Eden," which Richard Bentley & Son have recently published, Mrs. Phillipps-Wolley tells us some of the impressions she formed of British Columbia when staying there in September, 1887. She writes:

"I want you to stay in Victoria," my husband said on leaving me, "and see if you think it would be a pleasant place for you to live in." I have been obeying him to the letter, and I find that Victoria, with no household worries, would be charming; and Victoria, even if you have to keep house, would be decidedly bearable if you were lucky enough to get a good Chinaman. Life here for a woman depends a great deal upon the Chinese, and your reputation as a mistress in Chinatown is one of your most valuable possessions. If you are lucky, and treat your Celestial well, he seems to me to be a treasure beyond price. As a matter of fact you have to pay him 30 to 40 dollars a month as cook, housemaid, and buttons. He is all three and will do any odd jobs, such as gardening or wood-cutting, as well. He may pass his evenings in the consumption of opium, in playing shocking games of chance, or in eating nameless horrors, but when he comes to your house in the morning he looks fresh and clean as a new prist dress. He is not confidential, like some English cooks, not talkative even, and if he were you could not understand him, but he is generally good-tempered, and infinitely better in the kitchen than nine out of ten of the so-called "good plain cooks" you get at home. But "John" has his little faults like the rest of us, and the most painful of them all is a habit he has of leaving you without warning, not waiting even for arrears of pay in some cases.

Of course, life is very different here to life at home. Here you may meet one of your tradesmen in society, half an hour after he has served you from behind the counter. He makes his money by trade, and is not ashamed to own it—in this point only differing from some we meet at home. There is no promenade here, no Row to drive in, no great shops to flaunt the latest fashions in your face; but the Victorians stand on their dignity, for all that. My husband thought a pair of very smart knickerbockers, which were good enough for our own country town, would be good enough for the "high" in Victoria. I believe more than one member of the club suggested to him that these garments were not the thing to wear in the fashionable parts of the town. As to amusements, we are better off than you would be in any country town at home. I do not count dinner parties. Those are masculine joys. Women know too much about the preparations for them. But, in addition to dinners, I have had three invitations to dances, four picnics, a theatre, and any number of tennis parties during my three weeks' sojourn in Victoria. All through the summer a stream of English visitors keeps passing through the town, bringing memories of, and messages from, home to the settlers.

There is no use denying that the atmosphere of Victoria is peaceful and restful in the extreme. It is not only the dreamy languor of the night to which I am looking back, which has impressed me; not only the stillness of San Juan's waters, or the shadows of the gigantic Douglas pine; there is something else beside all this which makes Victoria essentially a place for rest. Some day it may be as bustling as Chicago or Liverpool, when its coal mines shall have been developed, and their dependent manufactories established; but it will be an outrage to Nature if it is so, for if ever there was a haven of rest designed by the Creator upon earth for weary brains and tired bodies to refresh themselves in before they go hence and are no more seen is it beautiful Victoria. If only my husband would give up the world and all its pomps and vanities, I would be only too glad to live out the rest of my life in this land of sunshine and sea breezes, doing all I could to tempt my friends at home to come and share my happy lot.

SUNDAY CANVASSING.

To The Editor of The Times:

Sir—One of the clergymen of the city and several other parties have been giving us their views lately on the Sunday question. As I understood the discussion the minister and his friends agreed that ordinary labor, Sunday excursions and merry-making of one kind and another should be left alone on Sunday. But there is one thing they have said nothing about and that is Sunday canvassing. I would like the opponents of Sunday labor and Sunday excursions to say what they think of the action of Mr. Ward's supporters in canvassing from house to house on Sunday last. Among the canvassers, I understand, being the manager of one of the government organs. I hope someone will express himself on this point.

A Seeker of the Truth.

THE PEOPLE'S CANDIDATE.

To the Editor of The Times:

Sir,—Surely Mr. Ward cannot have the presumption to consider himself the people's candidate. The conduct of that gentleman in reference to the Jubilee Hospital has forever cast to the winds any claim he may have had to the consideration of the people's interest. When an appeal was made from the people to have the site of the Jubilee Hospital changed, Mr. Robert Ward was the first to kick up a dust, and from his manner one would think that anything he had to do or had the power to do would be carried out no matter what the public might say. And again, when the Ministerial Association made an appeal to on behalf of poor and sick, who would necessarily have to go a long way for medicine or treatment to the proposed new site, it was a matter of *infra dig* for Mr. Ward to consider the idea of such a thing. No matter if it is the Ministerial Association or the public, when it comes to a question of whether it is in the people's interest or not, Mr. Ward's opinion must be paramount and he has, goodness knows, self-conceit to urge his claims, even if they are to the injury of the public.

Elector.

AN M. P. TO THE RESCUE.

To the Editor of the Times:

Sir:—Is it a part of the duties of an M. P. to busy himself unduly with civic elections? Our handsome and gallant knight of the "Bell and Spurs, Aide de Camp to the Governor-General," and all that, whatever it goes for, is, I notice, a conspicuous figure in the canvass. He may claim the privilege of a citizen, but I tell him right here that it is an exhibition of exceedingly bad taste and worse policy.

Civis.

TO MR. WARD.

To the Editor The Times.

Dear Sir,—Mr. Robert Ward is, I believe, the owner of the floating magazine in the harbor opposite James Bay. The police made an effort to remove it by laying a charge, which was defeated because they were unable to prove that there was any powder or dynamite inside. Now, I wish to ask Mr. Ward what will he do with that magazine if he becomes Mayor? Will he remove it altogether, or will he leave it where it is to endanger lives and property in James Bay.

EDM'ND YATES' LETTER

English Personal and Political Gossip—The French Vintage Last Year.

Jack the Ripper Said to be Arrested in Tunis—Heavy Judgment.

New York, Jan. 15—Edmond Yates' London cable to the *Tribune* says: "The Prince of Wales and Prime Minister have been in correspondence regarding the position of the eldest son of the heir apparent. What the negotiations have been no one quite knows, but when parliament meets it is expected the announcement will be made that as soon as Prince Albert Victor decides to marry, application will be made to parliament for an allowance for him.

Lord Cross was summoned to Osborne Thursday for a private conference with the Queen and Empress Frederick concerning the disposal of that part of Emperor Frederick's fortune which was left to the trustees of His Majesty the King of the Belgians and Duke of Saxe-Cobourg Gotha for the benefit of the widow and younger children with special directions that it should be invested in British securities. The late Emperor's fortune was wholly derived from his father, Kaiser William, and he left a large sum to the Empress absolutely, out of which Her Imperial Majesty has expended about £40,000 in the purchase of a residence and an estate at Kronberg on the Taunus.

The ministry have decided the estimates shall be taken up as soon as parliament meets. Nothing can be easier than to come to such a decision, but a good deal is going on just now that may just a little interfere with its being carried out.

It seems highly probable that before parliament meets Messrs. W. O'Brien, Condon, Cox, Tanner, Long, John O'Connor and Shelby will be in jail, while Messrs. E. Harrington and Finriesne are already there. Mr. Smith will resume his position as leader of the house, and this will be in accordance with the general desire of his party. I hear Mr. Smith's health is fully restored.

A Scotch correspondent informs me that a salmon disease prevails extensively both in the Tay and Tweed and the spawning season has been by no means a good one.

The Italian Government has ordered 250 new field pieces from Krupp of Essen and they are to be delivered at Milan in April.

The French vintage last year was a larger one than there has been since 1880; but it is rather disappointing to note that the yield was largest in the southern districts which produce the common wine of the country, while the burgundy and champagne districts were very badly favored both as regards quantity and quality of their vintage. It is true that the Bordeaux vintage is very much larger than it has been for some time; but considering that more than 150,000,000 gallons of wine were imported into that part of France from Spain the prospect of getting pure claret, as we call Bordeaux wines, is not much improved. France has, since the appearance of Phylloxera, become a wine improving country; for while fourteen or fifteen years ago the imports were only 14,000,000 gallons and exports 75,000,000, the former exceed 250,000,000 gallons while the exports dropped last year to less than 50,000,000.

Mr. and Mrs. Chamberlain have gone on a visit to Lord Hartington at Harwick, where a large party, including the Duchess of Manchester, Lord and Lady Gosford, Lord and Lady Charles Beresford and others are assembled. Lord and Lady Wolseley are to be the guests of the Chamberlains at Highbury during their visit to Birmingham next week. They are to arrive there on the morning of Friday the 25th, and in the evening Wolseley will deliver an address in the town hall as President of the Harborne Institute. Mr. Chamberlain's visit to Dundee next month bids fair to be a brilliant success.

London, Jan. 15.—A dispatch from Paris brings the startling report that a man supposed to be the white chapel murderer has been arrested in Tunis, at the police headquarters of the Scotland yard. Nothing was known beyond public rumor given above. Enquiries have been telegraphed to the Chief of Police at Paris.

CALIFORNIA BANK FAILURE.

San Francisco, Jan. 15—The efforts on the part of the officials of the California National Bank, which suspended on Dec. 17, to have the business continued have been abandoned. The bank examiner, who has charge at present, has telegraphed the controller of currency that the bank must go into the hands of a receiver. The business of liquidation will then be commenced. The *Examiner* is of opinion that with care every dollar of the bank's indebtedness will be paid.

FATAL SHOOTING.

Tombstone, Ariz., Jan. 15—Robt Clark shot and probably fatally wounded Sidney Harris at Bisbee last night while the latter was walking with Miss Burns, Clark's sister-in law. The altercation resulted from Clark's objections to the attentions of Harris to Miss Burns.

RECEIVER APPOINTED.

Washington, Jan. 15—S. P. Young, of California, has been appointed receiver of the California National Bank of San Francisco.

JUDGMENT FOR $106,000.

New York, Jan. 15.—Lieut. G. Kapff, a lawyer, recovered judgment for $106,000 against A. C. Dunn of California to-day, before Judge Andrews of the Supreme court. The suit was brought to recover for professional services rendered in organizing the Stuben Gold and Silver Mining Company, and Kapff claimed he was to receive $50,000 cash, $10,000 worth of shares of the company out of the capital of $6,000,000, the par value of shares being $10. No defence was interposed, and the Judge rendered judgment for $106,000.

FATAL FIRE IN NEW YORK.

THE PARNELL COMMISSION.

London, Jan. 15—The Parnell Commission resumed its sittings to-day. Mr. E. O'Brien, M. P., appeared to answer a charge of contempt of court. He made an eloquent speech in defence of his action and of the liberty of the press. The bench reserved its decision. Sir Richard Webster, Attorney-General, promised that the alleged letters of Mr. Parnell should be produced next week.

THE KING'S CONDITION.

The Hague, Jan. 15—The King passed a comparatively comfortable night and there is a slight improvement in his condition. The Cabinet still continues to make up preparations for the regency in accordance with a recent law.

WRIT GRANTED.

Dublin, Jan. 15—A writ of *habeas corpus* was granted conditional for the release of Edward Harrington, editor of the *Kerry Sentinel*, imprisoned for publishing in his paper notices of meetings of suppressed branches of the National League. The writ was granted on the ground that Harrington's certificate of publication under the Newspaper Act is informal. The case will be argued on Friday.

JOHN O'CONNOR, M. P., ARRESTED.

Dublin, Jan. 15—John O'Connor, member of Parliament, has been arrested for offences under the Crimes Act.

The suspected man is charged with a simular crime committed in Tunis. The man confessed that he recently came from London and that he lived in the Whitechapel district. The London authorities have been notified of his capture.

DIED AND BURNED AT SEA.

Queenstown, Jan. 14.—The Inman Line steamer City of Berlin arrived to-day from New York and reports the death of two passengers during the passage. During the passage Mrs. Gale suicided one day after leaving New York, by taking rat poison. She confessed she quarelled with friends and wanted to die. Efforts to save her were of no avail. On the following day H. Blondon died in an attack of delirium tremens. The remains of both passengers were buried at sea.

MONTEFIORE'S GRAND NEPHEW.

San Francisco, Jan. 14.—Horatio Moro, the grand nephew of the late Sir Moses Montefiore, the London philanthropist, who cut his throat with a razor yesterday, passed a good night and hopes are entertained for his recovery. At Waterford, fourteen persons were sentenced to one month's imprisonment each for taking part in the recent celebration of the anniversary of the day devoted to the glorification of the Manchester martyrs. On their way to jail they were repeatedly cheered by crowds which lined the streets, and utterances which denounced the judgment of the court were heard on all sides. Several times the police were compelled to charge upon the people surrounding and impeding the progress of the vans, and in the ensuing fights a large number of persons were more or less seriously wounded.

THE POLICY OF SLANDER.

We have not followed the Colonist through all its slanders against MAYOR GRANT, for the simple reason that it is unnecessary to do so. The public has not forgotten that the publishers of that newspaper were, a few weeks ago, compelled to apologize and pay the costs of a criminal prosecution for libel, because they gave publicity to statements which they knew at the time to be false. During the past week, the columns of the Colonist have been filled with similar charges, but couched in more guarded language. The writer having been punished once, like a burnt child, dreads a second infliction, and so he sails as close to the wind as is compatible with safety to himself. But after sifting all its malignant abuse to the bottom, what does it amount to? Mayor GRANT had the good or bad fortune to be the presiding officer when the irregularities of the late treasurer were discovered and made public. It is true the Mayor had confidence in Mr. RUSSELL, the same as Mr. WARD had when the latter was chairman of the finance committee, and that he hesitated to believe that an old servant of the city, a pioneer of the province and a respected citizen, had done anything wrong. It is true that Mayor GRANT believed that the late treasurer would, as he claimed, be able to explain every entry in the books and put everything right. Mayor GRANT, like ex-Mayors FELL, RITHET, SHAKESPEARE, CAREY, REDFERN and others, had confidence in the honesty of the public officials, whose mistakes, whether intentional or accidental it makes little difference now, can as reasonably be laid at the door of the present Mayor's predecessors as they can at his. It is true that MAYOR GRANT did not constitute himself a private detective and arrest Mr. RUSSELL, and we very much mistake the feelings of the people of Victoria if they expected him to do anything of the kind. It is true that, in consequence of a system of bookkeeping, for which MAYOR GRANT is no more responsible than any other member of the City Council for the past dozen years, that the city treasury has lost five thousand dollars. All these things are true, and what more? Mayor Grant has during his year's incumbency of the office, devoted one-half of his time to the business of the city. He has presided over the deliberations of the Council in an impartial manner, and he has always studied to advance the best interests of the city by every means in his power. Every scheme tending to advance the material well-being of Victoria has met in him a warm and enthusiastic advocate. His duties as head of the city have brought him into contact with all classes, and no man or woman can say they ever found him indifferent to the immediate business they had in hand or careless about the discharge of the many obligations in this way imposed upon him. The calls upon his time and means were greater because he is personally known to almost every citizen, and will listen as readily to a man dressed in hodden gray as to one in broadcloth. The attempt to fasten upon Mayor GRANT the wrongdoing of officials, and to make him responsible for a system that he did not inaugurate, has signally failed. He is more popular today and stronger in the confidence and esteem of the citizens than ever before. The calumnious distribes of a mendacious sheet, still smarting from the punishment it received and the wound inflicted upon its vanity, can have but one effect.

WHO MAY VOTE.

We have received a great many inquiries about the qualifications of municipal voters, and apparently with many people there is much confusion and uncertainty as to who are properly qualified electors. We have taken the trouble to compile from the statutes the clauses of the law at present in force, which our readers might clip out for future reference. They are as follows:

After the first municipal election, the following persons shall be entitled to vote at municipal elections in any ward in which they may be registered as ratepayers:

Any male or female being of the full age of 21 years, who is rated upon the assessment roll of the municipality, or has resided and been a householder in the municipality for six months before the election, at a rental or rent value of not less than $60 per annum, and who has paid on or before the first day of December in each year all municipal taxes and license fees payable by him to her. Provided always that every person claiming to vote as a householder shall, being a British subject, and on or before the first day of December in each year shall enter with the assessor his or her name as a voter, but no such voter shall require to re register after being once registered, make and subscribe before a judge, justice of the peace, or notary public, and deliver to the assessor or clerk of the municipal council, a statutory declaration in the form and the effect following:

"I (name in full) do solemnly declare that I am, and for the six months last past have been a resident and householder in the city (or municipality) of ——, and that the dwelling house or houses occupied by me during that time is or are situate (describe the locality so as to identify the house or houses) in the said city (or municipality) and that the rent or rents or rent value or values thereof is not less than $60 per annum each; and I make this solemn declaration conscientiously, believing the same to be true, and by virtue of the act passed in the 37th year of Her Majesty's reign, intituled 'an act for the suppression of voluntary and extra judicial oaths.' Declared at, etc., etc. This declaration shall only apply to the City of Victoria and to the City of Nanaimo. 1881, c. 16, sec. 19, as amended by 1885, 1887 and 1888.

Section 20 and 21 of the Municipality Act, 1881, and all acts so far as they relate to said sections 20 and 21, are hereby repealed, and in lieu thereof the following is enacted: The following persons shall be entitled to vote at municipal elections, in the wards in which they reside: Any male or female holding a license for, and carrying on business within the municipality, and who shall have paid for such license for the six calendar months next preceding the day of election, provided such person is of the full age of twenty-one years, and has been a resident for such municipality for at least one year previous to the day of election. 1881, c. 16, sec. 20 and 21, as amended by 1888 c. 24, sec. 2.

In case both the owner and occupier of any real estate are rated therefor, both shall be deemed rated within this act.—1881, c. 16, sec. 23.

No Chinese or Indians shall be entitled to vote at any municipal election for the election of a Mayor, Reeve, or Councillor.—1881, c. 16, sec. 24.

No person convicted of felony may vote at a municipal election.—1881, c 16, sec 25.

The voters' lists in municipalities shall in all cases be finally revised and corrected on or before the first day of December in each year, and in cities the said voters' lists shall be closed on the first Monday in December, and finally revised and corrected not later than the third Monday in December.—1887, c. 23, sec. 20.

That the revised municipal voters' list prepared for the general election held in the month of January in any municipality, shall be the list of qualified voters for any subsequent election during the year.—1884, c. 22, sec. 3.

THE CHINESE QUESTION AGAIN.

Mr. C. P. HUNTINGTON of railway fame, through A. A. Low, has asked the Chamber of Commerce of New York to favor the abrogation of the Chinese exclusion bill, on the ground that it is injurious to the commercial relations of the States with China, and that the honest people of America are not opposed to Chinese cheap labor. He further argues that the United States is paying a heavy price for the hoodlum vote of California. Mr. HUNTINGTON is a very shrewd man but success has blinded him. Now that he has raised from a little store keeper in Sacramento to a railway magnate the rights of common citizens must be made subservient to his ideas of commerce. Mr. C. P. HUNTINGTON, if permitted to have his own way, will raise a storm of riot and bloodshed about him which will materially modify his ideas of commerce. The disingenuousness of the man can only be accounted for by the moral obliquity of him who confessed before an investigating committee, that a corruption fund was inseparable from his line of business. In matters of commerce and labor the Chinese question presents no abstract features. It resolves itself into these perfectly plain propositions: Shall white labor be protected as a question of humanity, or shall it be sacrificed for the sake of commercial relations which would benefit C. P. HUNTINGTON, and a few more capitalists. HUNTINGTON prates of the probability of China retaliating and throwing their trade into the hands of the English. Small logic this. China is going to trade where she can do the best. If she can trade better with England than with the states she will do so, or *vice versa*. Chinese vanity is such that it holds all other countries lightly save its own, and therefore if not wholly opposed to emigration of her citizens regards it with indifference. It might be claimed with as much reason that a man would refuse to sell another a horse because he had declined to meet him on terms of social equality. Retaliation is the bogey of American politicians. Unless the exclusion act is enforced it will require 10,000 men to preserve order in San Francisco.

The Chinese question is trite enough, but when the Chinese democratic papers of the stamp of the S.F. Examiner, advocate the repeal of the Scott law, a new phase is presented, inasmuch as it looks as if the organ aforesaid was being heavily subsidised. This newspaper, which is being backed up by Senator Hearst's millions, and which hitherto has accused President elect Harrison of entertaining a love for the Chinese, has been publishing interviews with different people to show that there is not sufficient labor in the State to harvest the crop of fruit, grain and vegetables. On the other hand the trades unions, and S. F. Call especially prints a series of interviews to prove there is no scarcity of labor. There is no country under the sun but where labor is scarce during the harvest time, and yet the Examiner would make it appear that California is languishing for Chinese labor. It might be thought that all this was of no concern to the people of this province. This would be an error. British Columbia is profoundly interested in the question of slave labor. What would Nanaimo be if Chinese were employed in the mines, and would it not be better for Victoria if its Chinese population could be supplanted by whites. Useful as the Chinese may be as domestics they are parasites nevertheless. As yet, however, the curse is only nominal, but when all the avenues of labor shall have been filled by Chinese trouble must result. It is strange that politicians and capitalists cannot read the signs of the times, and endeavor to blend with their interests those of the working man.

The London Canadian Gazette, which devotes its columns principally to the sayings and doings of Sir Charles Tupper, is at present lending itself to the circulation of the lying slanders, of Garth Grafton and others, concerning Victoria.

EDITORIAL NOTES.

As an enemy to coal extortioners a mild winter is mightier than many miles of TIMES editorial.

The season for the assembling of the James Bay orators is rapidly approaching, yet it is difficult to see at this distance what they will find to talk about unless they discuss this truly exceptional weather or decide to levy another special tax on the good people of the cities.

Mrs. Harrison appears to be more talkative than the future chief magistrate. Regarding certain issues of the feminine kingdom, she is said to have decided as follows: "As to low-necked and short-sleeved dresses, personally, no; as to wine, I haven't made up my mind; as to bustles, yes."

Mr. Ward is generally careful in his statements, but at the nomination yesterday he fell into two inaccuracies. He said the auditors had prepared a balance sheet up to 30th September last. The auditors wrote up the books until that time, but did not prepare a balance sheet. Further, Mr. Ward said, according to the Colonist's report, (which may or may not be accurate) that it was strange that it should take the officials three weeks to prepare the necessary statement. It was on the 14th Mr. Ward was speaking, just two weeks from the 1st, and not three, as stated by him.

The explanation of the Mayor concerning the granting of the Fee License has made friends for him in the only quarter that has manifested an opposition. His statement was clear and explicit. The vote of the Board being four to two in favor of granting the license His Worship took no part in the matter beyond announcing the result in public. The Colonist will now be under the necessity of inventing another popular falsehood, some other taking slander against Mayor Grant, to be industriously circulated by men who are not half as good as the clothes they wear. If they were they would be above the dirty election methods they are just now using.

—C. R. Hall, Grayville, Ill., says:—"I have sold at retail price since the 4th of December last 156 bottles of *Dr. Thomas' Electric Oil*, guaranteeing every bottle. I must say I never sold a medicine in my life that gave such universal satisfaction. In my own case, with a badly Ulcerated Throat, after a physician penciling it for several days to no effect, the *Eclectric Oil* cured it thoroughly in twenty-four hours, and in threatened croup in my children this winter it never failed to relieve almost immediately." *

—Many people make drug shops of their stomachs, in the attempt to relieve a simple attack of liver complaint, when with a dose or two of *Dr. Thomas' Electric Oil* the complaint might be easily and pleasantly obviated. Colic, piles, hurts, corns, lame back and swelled neck, are also among the troubles which it cures. *

—Mr. Henry Graham, Wingham, writes: "I was in North Dakota last May, and I took a bottle of Northrop & Lyman's Vegetable Discovery with me, as I did not feel safe without it. While there a lady friend was suffering with Indigestion, Biliousness and Headache. I recommended the Vegetable Discovery to her and she tried it, and the result was that it did her so much good that I had to leave the balance of the bottle with her." *

—Quick transit from a state of feebleness, bodily langour, and nervous irritability—induced by dyspepsia—to a condition of vigor and physical comfort, follows the use of the standard regulating tonic and stomachic, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which speedily conquers Indigestion, Constipation, Bilious Complaints, and Female Complaints purifies the Blood, and reinforces the vital energy. *

—The Citizens Insurance Company of Canada enters its twenty-fifth year, richer and stronger than ever it has been, in its long career of usefulness. Its cheap life insurance policies on the Tontine Term Plan, are in demand all over the broad Dominion. At age 30, a 20 year Tontine term $2,000 policy costs only $15.40 each six months, or $7.70 for each $1,000 of insurance. At the end of the term of insurance you will receive back more than double the premiums you have paid, or can have a fully paid up policy for the original amount insured. A $5,000 policy, on same plan, costs only at age 30, $19.60 each three months. The original sum insured is paid without discount, should the insured die before his term expires. THE MAYORALTY.

To Robert Ward, Esq., Victoria B. C.:

SIR,—We, the undersigned ratepayers of Victoria, beg to request that you will allow your name to be placed in nomination for the position of Mayor of the city of Victoria for the year 1889. The zeal you showed in a former council, in which you served for the interests of the city, and the ability you have displayed in the prominent position you now occupy as President of the Board of Trade, backed by your own large interests in the city, lead us to hope that you will be disposed to take a leading part in the several important matters which will, we trust, be undertaken by the incoming council.

Should you accede to this request, we shall give you our hearty support.

THE INLAND STOCK RAISERS.

A Well Attended and Enthusiastic Meeting—Business Transacted.

In accordance with a circular issued by some of the prominent ranchers of this and the surrounding districts, calling a meeting of all those who were in favor of forming a co-operative and protective association, a number of gentlemen connected with this important industry met in the old court house, Kamloops, on Monday afternoon last for the purpose above mentioned.

The room being well filled it was moved by Mr. W. W. Spinks, seconded by Mr. J. A. Mara, M. P., that Mr. Chas. Semlin, M. P. P., take the chair, which was carried unanimously.

Mr. Semlin, on taking the chair, thanked those assembled for the honor they had done him in electing him chairman of so representative a meeting, and then called on Mr. Spinks to explain the object of the gathering.

Mr. Spinks taking the floor pointed out very clearly the object and uses of such an association. He said the stock raisers had numerous grievances and difficulties to overcome, and while they remained as they were at present, without co-operation, it was hardly to be expected they could individually overcome such difficulties, therefore the forming of this association making them a unit in all matters relating to stock raising was purposed. He explained that at present if cattle were killed by railway corporations on railway grounds the owner had no redress under the existing law, therefore such matters should be made the subject of legislation by a united body such as this association hoped to be. He also made general remarks about the simultaneous branding of cattle, the division of the country into branding districts, the appointing of a captain for each branding district, and the registration of brands, all of which were well received by the meeting.

Mr. J. B. Graves, manager of the Douglas Lake Cattle and Ranching Company, said he was quite in accord with the object of the meeting, and thought such an association should have been formed long ago. He agreed with the remarks about branding at stated times, saying that it was the only proper way to do. He assured the meeting that he would do all in his power to further the interests of such an association, if formed, and pointed out many benefits that would naturally accrue from the organization.

Mr. M. Sullivan next spoke on the subject. He said that as his name was one of those on the circular sent out, it would be certain that he was in favor of the scheme, and he thought it perfectly feasible.

Mr. J. C. Barnes asked how it was proposed to have a general branding time appointed. Mr. Graves explained that the cattlemen of a certain district would appoint a certain date for a general round up, and would notify the residents of that district of such date. Mr. Chase said that those parties who had their cattle nearly all by themselves would not care to have them driven out for a general round up in order to brand. This was explained that where such a case existed the place would be formed into a district of its own for branding purposes.

After further remarks from Messrs. Barnes, Mara, Spinks, the chairman and Potter, a motion was carried to the effect that a committee be appointed to draft by-laws to be submitted to the meeting in the evening. The following gentlemen composed the committee: Messrs. Graves, Spinks, Semlin, S. Moore and J. Wilson.

A list was then opened for those present to sign as wishing to become members of the association. The list was signed by all present who were interested in stock raising. Meeting then adjourned till 7:30 p.m.

EVENING SESSION.

The meeting opened again at 7:30, and Mr. J. S. Bennet, acting as secretary, read a number of by-laws which had been framed during recess. These were then taken up singly, and put to the meeting and passed or amended. These by-laws will appear in a future issue. After the by-laws had been discussed and disposed of the following officers were elected for the ensuing year: President, Samuel Moore; Vice-President, J. C. Barnes; Treasurer, John Hull; Directors, John Wilson, Cache Creek district; M. Sullivan, W. J. Roper, Kamloops District; John T. Edwards, North Thompson District; John Gilmore, Nicola District; C. O'Keefe, Okanagan District.

The admission fee for joining the Society was placed at five dollars. Any one paying the same can join the association and be entitled to all the privileges of its by-laws.

The Directors were empowered to correspond with and see the Superintendent of the C. P. R., and request that the company's fences be kept in repair where erected, and also that fences and crossings be put up at places where required.

At a subsequent meeting of the Directors Mr. John Tait was elected Secretary of the association. The Directors adjourned to the 21st instant, when another meeting will be held.

The endorsement of German Syrup is unparalled. We will publish 1000 testimonials received during the last six months. Read them. May save your life.

BURLINGHAM, N. Y., May 31, 1886.

G. G. GREEN, Dear Sir:—I am frequently troubled with severe colds, and the only remedy that will relieve me of them is your Boschee's German Syrup. I have used it for more than twelve years. It is a constant household companion with me. Our merchant here procured it first at my solicitation, and says he has sold a great many bottles. It is a very popular remedy in this section. Every person who has used it speaks in the highest terms of its merits. I do not know of a single case it has not cured. I first used it in Vermont, where I lived before coming here. I advise everyone to use it, as it is certainly the best cough medicine I have ever known. I have tried nearly all of them at different times.

Yours respectfully, MOSES GRAY.

—The Reynold's property, Cormorant street, was sold to-day to D. Spencer and J. S. Chase for $3,000. A piece of property in Chinatown was also sold to Mr. R. Porter for $13,000. The sales were made by Mr. Frank Richards.

—Mayor Grant of Victoria, who announced his intention some time ago of not being a candidate for the mayoralty this year, has reconsidered the matter and will now be a candidate for that office, with every chance in his favor of being elected, notwithstanding the acknowledged strength of his opponent, Mr. Ward.—Kamloops *Sentinel*.

—Mr. G. C. King, who has just returned from Anthracite, informs us that the report that the coal company were bringing in Chinese labor to work at the mines is quite incorrect. A few Chinamen have been brought in to do work which they cannot get white labor to perform, but the company have no intention of working the mines with Chinese labor.—*Calgary Tribune.*

POLICE COURT.

(Before Hon. A. R. Richards, Q.C.)

Patrick Cassidy was charged by Officer Mitten with being drunk and disorderly.

His Honor—Is this the man who was here yesterday?

Officer Sheppard—Yes, Your Honor, he was allowed out to find the man who assaulted him; he immediately went off and got drunk. The man cannot be kept from liquor when he starts out on a drunk.

His Honor—How much will it take to keep you you sober?

Cassidy—If I can get off now I will not trouble you again.

His Honor—Pay a fine of $5.

Geo. Williams was charged by Officer Hawton with stealing a gold watch from a man named McNamara.

Supt. Sheppard asked for a remand for a few days. The circumstances of the case are that the prisoner went on board the Islander with a man named McNamara. The latter was under the influence of liquor and was robbed of a gold watch valued at $40. The prisoner pawned the watch for $10 and sold the pawn ticket for $4. "The cases are getting too numerous," said the Superintendent, "and it was necessary to make an example of some of these men who rob others foolish enough to get under the influence of liquor." The case was remanded until Friday.

The Treasurer.

It is claimed by Mr. Duck's friends that he will be able to discharge the duties of the treasurership and also as member of the legislature. The balance sheet just issued is signed by the accountant, Mr. Berridge, and the Auditor. How is this? If Mr. Duck at present is unable to attend to the duties of one office, how is he going to do the work of two? We pause for a reply—from the Colonist.

Marriage Laws.

Mr. A. M. Stenhouse thus writes to the *Hamilton Times*: "Your contemporary and namesake of Victoria, B. C. credits you with the facetious remarks that the marriage laws of this country have been passed to conserve the morals of the people. If our marriage laws are really intended for any such purpose, it must surely strike you, as a journalist and man of the world, that they have proved a very inferior set of tools?"

Obituary.

Yesterday Mr. Frederick Paine, the pioneer hairdresser, of Johnson street, received a telegram from New Westminster announcing the death of his wife, after a painful illness. The deceased leaves behind her three sons and two daughters and a sorrowing widower, to whom the full sympathy of pioneer Victorians is extended. The funeral took place to-day at New Westminster, where the last obsequies were attended by Mrs. Louise Burns, Mr. Fred. Paine, jr., and Miss Dolly Paine, all of the family. *In somnis pace.*

Not Down on the Bills.

Miss Putnam and Mr. Swiveler provoked many a laugh last night at the Victoria, but it was reserved for the death scene of Little Nell to produce the spontaneous snicker of the evening. Little Nell, in the embrace of death, requests Grandpa to kiss her. Grandpa obeys, and then, as if he had inhaled some of the powder on the dying girl's face, turns his head aside and sneezes. Suppressed and prolonged snickering. "The Old Curiosity Shop," as a play, should be relegated to private theatricals. The plot is clumsy, and Mr. Dick Swiveler as painted by Dickens is, in the play, an inferior daub. The play, however, is redeemed by good acting, and it is needless to say that Miss Putnam's impersonations were up to their usual standard of excellence. Mr. Swiveler, too, surpassed himself as far as the dialogue would let him. It is a pity that so much good acting should be expended on a dramatic conception with neither pith nor point.

Notice to Miners.

The following with a request to Victoria, Seattle, Tacoma, Portland and San Francisco papers to copy appears in the Nanaimo *Courier*: Miners are all requested to stay away from Wellington, B. C., as the miners of the above place are looked out by the company for demanding the same price for digging coal in the "pillars" as is paid in the "stalls." Also for wanting the recognition of the Pit Committees.

We have tried all in our power to settle the difficulty, but our operators say they will not give us the 10 cents per ton asked for in the "pillar" work nor will not let us have any committee to settle our grievances and also that some of our men cannot get any more work under this company.

Now, fellow workmen, do not be influenced by these oppressors, as we are only looking for our rights as free white men, and I hope all workingmen will keep clear of this place until our difficulty is settled. By order,

ARTHUR SPENCER,
JOSEPH CARTER,
JNO. GREENWALD. } Com.

Y. M. C. A.

Last night a most enjoyable social evening was spent by the members of the above association and their friends in their rooms. The Y. P. A. of Pandora Street Methodist Church entertained them with a nicely arranged and well carried out programme of recitations, songs, etc.; also refreshments in the shape of tea, coffee, cake and fruit. The hall was very tastefully decorated with Chinese ornaments and looked exceedingly nice. There were 275 people present and every one expressed themselves highly pleased with their evening. Following is the programme: Piano solo, Miss Butler; song, Miss Durham; inst. duet, Misses Davey; song, Miss Roper, recitation, Miss Jeffree; inst. duet, Miss Martin; recitation, Mr. Stirten; vocal duet, Tillie Tite and Mr. Herbert Roper. The last, a duet, was the event of the evening, and deserves special mention, especially as it was Mr. Roper's first appearance in public. The members of the Y. P. A. merit a great deal of praise for the manner in which they arranged the entertainment, and the Y. M. C. A. is to be congratulated on having such active, warm friends.

The Late Alex. Hendry.

The remains of the late Alex. Hendry arrived on the Walla Walla Sunday evening. The funeral will take place on Wednesday afternoon. As is already known, Mr. Hendry left for California on the 8th of December in the hope that a change of climate would benefit his health. After arriving in Los Angelos he appeared to grow rapidly better and was quite sprightly, up to New Year's eve, when he felt unwell and a doctor was called. No immediate danger, however, was apprehended till the evening of the 2nd instant, when a sudden hemorrhage commenced, and within fifteen minutes the sufferer had passed peacefully away. His age was 52 years. Alex. Hendry was born in Belhelvie, Aberdeen, Scotland. He came to British Columbia in 1860 and was engaged in mining in Cariboo for several years, having gone in there six times. He also worked for a number of years as pattern maker, in the employ of the late Joseph Spratt, and subsequently served the corporation of Victoria in the capacity of City Engineer. He was a man of sturdy, upright character, and had many friends throughout the province. The funeral on Wednesday will be under the auspices of the Odd Fellows order.

A LARGE DEAL.

Chemainus Mill and 100,000 Acres of Timber Land Sold.

A syndicate composed of Messrs. Hunnebird, Glover and Phipps, of Wisconsin, and Macaulay, of Victoria, have just completed the purchase of the Chemanus Saw Mill and the timber lands connected therewith, from Croft & Angus, the owners. At the same time the syndicate has bought from the E. & N. Railway Company 100,000 acres of land at a price not made public. The entire purchase will amount to about $700,000, and is one of the most important ever made on Vancouver Island, or for that matter in the province. The purchasers are wealthy and will enlarge the Chemainus mill and build two new ones. Possession will be taken on the first of March.

The sale of Island Railway lands is the largest yet made, and if the price were stated we believe it would be seen that these lands are likely to bring their owners large fortunes in the near future. The transaction means the introduction of a large amount of capital and the establishment of lumber manufacturing on a much larger scale than ever before undertaken in the province.

PERSONAL.

Items Telling of Movements of Well Known Persons.

Capt W N Bole, M P P, and Mrs Bole, arrived from New Westminster last evening.

Mr E A Hart returned from a business trip to Nanaimo this afternoon.

John W Phalon, city passenger and freight agent of the Northwestern line—Chicago, St. Paul, Minneapolis & Omaha railway—is in the city.

A O Hastings, representing the Ogilvie Milling Company, is in the city accompanied by his brother, D V Hastings.

B. C. RIFLE ASSOCIATION.

Meeting Held Last Evening—Several Changes Proposed.

The annual general meeting of the British Columbia Rifle Association was held last evening in the office of Mr. E. C. Baker, M. P., Mr. Baker, President of the Association in the chair, and a number of subscribers present.

The reports of the Secretary and Treasurer for the past year were read, showing the affairs of the Association to be in a prosperous condition.

A report from the team sent to represent this province at the annual meeting of the D. C. R. A. was read, giving a general statement of scores made and prizes won, making certain suggestions for the guidance of future teams and advising the use of the long Snider rifles for practice.

A committee was appointed to attend to range matters and the following council was elected for the ensuing year: Mr E C Baker, M P; Lieut Col Wolfenden, Lieut-Col Prior, M P, B C G A; Capt P Æ Irving, B C G A; Major Peters, C Battery, R C A; Capt Scoullar, N W R; Mr Cotton, Capt Fletcher, Mr Beckwith, Capt McNaughten, Capt Dorman, Capt Jones, Capt Wollacott, Sergt Williams and Sergt Roper.

Messrs. E. C. Baker, M. P., and J. A. Mara, M. P., were elected representatives to the D. C. R. A.

It was decided to endeavor to procure a sufficient supply of long Snider rifles for use at the annual prize meeting.

The matter of procuring ammunition of Canadian manufacture was left in the hands of the council.

The general meeting then adjourned and the council proceeded to the election of officers for the year.

Mr. E. C. Baker, M. P., having declined re nomination, Lt.-Col. Prior, M. P., was elected president, Lt.-Col. Wolfenden and Capt. Scoullar vice-presidents, Capt. Fletcher secretary, Capt. Dorman treasurer, and Capt. Shears auditor.

It was resolved that His Honor the Lieutenant-Governor be requested to be a patron of the association and the following to be vice-patrons: Hon. Robert Dunsmuir, President of the Council; the Speaker of the Legislative Assembly; Lt.-Col. Baker, Kootenay; the Mayors of Victoria and New Westminster.

NANAIMO JOTTINGS.

Affairs at Wellington—Glove Contest—Texada.

From the Free Press.]

Affairs at Wellington are about the same to-day—everything being very quiet. A number of miners have received their pay, and came into the city by to-day's train. It was reported that a number more of men had gone to work, making the total number engaged in and around the mines twenty-seven.

Last evening articles of agreement were signed by Tom Cleary and James McCann for a ten-round glove contest to take place in the Institute Hall on the evening of February 9th, for $250 aside, with the lightest gloves allowed according to law. Cleary agrees to stop McCann in ten rounds or to forfeit the stakes and all gate receipts.

The steamer Muriel arrived about five o'clock yesterday afternoon from Texada Island with freight and passengers. The reports from this new Eldorado are of the most encouraging character, and some of the specimens brought back by the prospectors run very high in copper and the quartz is also of a good gold bearing quality. The last ledge discovered is about a quarter of a mile from the beach, and very accessable. The prospects as far as could be gathered from the prospectors are everything that could be desired, and it appears that we have one of the richest mines yet discovered in British Columbia, within a few miles of this city. The passengers on the Muriel yesterday were: C B McDill, R E Gibson, E McG Van Houten, J McAlony, A Brown, A Wilson, J McGregor, M Carran.

SPEEDY TRIALS.

In the Supreme Court to-day, Edwards and Ward, charged with stealing from Spencer's Arcade, were sentenced to imprisonment for four months.

Mack, a companion of the two prisoners, pleaded not guilty on the same charge. He was defended by W. J. Taylor, of Messrs. Eberts & Taylor. Deputy Attorney-General Irving prosecuted.

Surrey Nominations.

Special to THE TIMES.]

New Westminster, Jan. 15.—The following nominations for candidates for municipal honors for 1889 took place at Surrey Centre yesterday: Messrs James Punch and Frank White for reeve; Geo McCan, Jas McCollum, E T Wade, John Douglas, Thos Shannon, A Murphy, Jake Jackson, John Armstrong and William Brown, for councillors. The latter two having no opposition in their respective wards were elected by acclamation. Polling for reeve and the other three councillors takes place on Thursday next.

Lord Eustmore.

A slight difficulty was experienced in getting Lord Eustmore off the car at Montreal. The door of the car was too narrow for the stretcher, and a side window was accordingly taken out, and the bed with the occupant handed through. Earl Listowel, nurse and several servants, who accompanied the invalid from this province, proceeded with him to the hospital. The long journey of 3000 was made with such ease and comfort that Lord Eustmore, though still unable to sit up, was in better condition on his arrival than he was on his departure from Victoria.

"The New West."

This is the title of a neat volume which has just been published by the Canadian Historical Publishing Company of Winnipeg, and now being distributed in this city by Mr. E. E. Boyer. The work is remarkably neat and well compiled. It is in fact the best thing of the kind which we have seen. As the title indicates, the work is descriptive and illustrative of the great western country, extending from the Great Lakes across plain and mountain to the shores of the Pacific. Among many excellent cuts which the book contains are the following: Lieut-Governor Nelson, Mr. Dunsmuir's new residence, Mr. Sehl's residence, the public school, Albion Iron Works, Driard House and Theatre, Christ Church Cathedral, steamer Beaver, and others.

WITHOUT RE-WARD.

TO THE EDITOR OF THE TIMES:

SIR—I think the *Colonist* and his man Friday are not attending to their business. Why don't they show Mayor Grant up? Why don't they say something about him that will disgust every voter and send him to where he belongs? If they don't do something desperate Grant will gain the day, as he did before. We read of a Grant in the American war who nailed his colors to the mast and cleared the rebels to the last. Our Grant is just as good and victory will clear the rebels to the last and gain the day for him. Every voter of good judgment will vote for Grant; the others will vote as they please, and when the storm is over they will have no re-Ward.

Picket Wire Fence!

THE above cut represents the Fencing as it may be seen erected on Douglas street, opposite the Scotch Bakery, and on Government street opposite the Telegraph Office. It is made in rolls from 2 to 5 rods, and is sold at $1.60 to $2.00 per rod (16½ft). Pickets are 4 ft. long and any desired distance apart. We also make a capital Chicken Fence of laths. The Fence is made of Pickets woven into Double Strands of Heavy Galvanized "Telegraph" Wire. Each cable will stand a strain of 1500lbs. After being in use, the Staples may be withdrawn, the Fence rolled up and carried to other points without injury. No two pieces of wood come in contact, no nails or nails are used, and it will last 40 years. It will turn horses, cattle, sheep, pigs and poultry. The Dominion Government has scores of miles of this fencing along the Intercolonial Railway. ja15-1m
